

Rent Wireless Test Equipment

Anritsu S361E

TRS-RenTelco offers industry leading wireless test equipment for rent, lease or purchase.

TRS-RenTelco offers short and long term full service leases, rentals, rentals with purchase option and sales of previously-rented equipment. We also offer trade-in programs to keep your inventory up-to-date with the latest technology.

The service is always top notch. We can call anytime and know that there will be a friendly, knowledgeable voice on the other end of the line that can get us what we need overnight!

– Tracie, Easton, MD

RENT, LEASE OR PURCHASE

trsrentelco.com | **866.213.1521**

We've done a lot of business with TRS and have always had a good experience. We tend to need the equipment longer than projected and there has never been a problem to keep it longer.

– Linda, Goleta, CA

IN STOCK AND READY TO SHIP

Anritsu

Anritsu S361E – SiteMaster

The SiteMaster makes traditional line sweep measurements such as Return Loss, VSWR, Cable Loss and Distance-to-Fault (DFT).

Anritsu

Anritsu MT1000A – VCTR-VC

The MT1000A platform CPRI/transport module provides dual channel CPRI / OBSAI testing up to 5 Gbps (CPRI rate options 1-5) and single channel CPRI / OBSAI testing up to 10.138 Gbps (CPRI rate options 6-8) - provides L1/L2 testing, alarm/error detection, unframed/framed BER, RTD and transceiver info.

Kaelus

Kaelus iPA-0850A – PIM Test

The iPA is a battery powered PIM Test Analyzer versatile enough to support multiple test scenarios such as testing at the top of the tower, base of tower, roof top and in-building for DAS systems.

3Z TELECOM

3Z Telecom RFA-1000 – GPS Antenna Alignment Tool

The 3Z Telecom RFV-2000 is an Antenna Alignment Tool with a mechanically aligned HD camera. The user can now see what the tool sees for a faster and more accurate alignment.

PCTEL

PCTEL RF Solutions IBflex – SeeGull Scanning Receiver

The SeeGull IBflex scanning receiver is designed for in-building and small cell testing. Quickly identify and solve problems that hinder network performance using IBflex's comprehensive testing capability. Conduct walk tests more efficiently with its array of features tailored for indoor use.
